

Utah Poison Control Center

POISONING

Be Prepared:

- Request free telephone stickers from the Poison Control Center.
- Have the number of the Poison Control Center posted near the phone.

If Poisoning Occurs:

- Remain calm.
- Have the product available at the phone.
- Call the poison control center at:

1-800-222-1222

- If the victim is unconscious, having convulsions or difficulty breathing, call 9-1-1.

Information the Poison Control Center Specialist Will Need:

- How the victim is feeling or acting right now.
- Age and weight of the victim.
- The amount taken.
- When it happened.

**All Services are Free
and Confidential.**
